

Are You Too Fat?

If You Really Want to Reduce Your Weight, Follow This Simple Plan

Mrs. Fallon sends a communication which is being printed here on account of the genuine interest manifested by many other readers.

"Tell those of your readers who would like to be free of the embarrassing, hindering burden of overweight without the objectionable following of drastic rules of eating and exercising, to try the safe, simple and safe plan of open-air, deep breathing combined with the use of oil of korein and the other simple directions that come with it."

"A box containing a liberal quantity may be secured from any drugist."

"With a simple, inexpensive and dependable means such as this, why should anyone continue to carry around a great load of surplus fat?"

Every reader who desires to get down to normal weight should lose no time in making use of this information, especially as the treatment is said to reduce the weight harmlessly, quickly and pleasantly, also to materially aid digestion, improve the general health, beautify the figure, replace sluggishness with buoyancy and to leave firm flesh and smooth skin in the place of sagging, burdensome fat. Remember the name—oil of korein, in capsules.

We advertise exactly as it is

Style Is All Right, But—

When you go out after style alone it's easy to get; lots of clothes look pretty good at first.

What you're after is clothing that is stylish and that has the quality back of it that keeps the clothes stylish as long as you wear them.

That's what you will get here at

The Bulletin

Norwich, Wednesday, June 18, 1919

VARIOUS MATTERS

Light vehicle lamps at 5.54 o'clock this evening.

Official summer begins Sunday next, the 23d, at 7.54 a. m.

The Busy Bees, a society composed of young ladies of South Manchester, had an outing Sunday at Coventry lake.

There has been a sugar shortage in Noank village. The storekeepers were only selling a pound to each customer Saturday.

An exhibit of paintings at the Babcock gallery, New York, includes canvases by the Lyme artists, Wiggins and Carlson.

The office of Dr. Emma Dunham is closed until June 30—adv.

Tomorrow, June 19, the planet Uranus and the moon will be in conjunction at 10.29 a. m. Uranus is south 5 degrees 26 minutes.

Tuesday evening there was a meeting of the Girl Scouts in the lecture hall of the Central Baptist church, Mrs. O. E. Lowell, the leader, presiding.

Mr. and Mrs. William W. Jewett of Hampton have announced the engagement of their daughter, Margaret Sarah Jewett, to Weston Cushing Thayer of Higham, Mass.

By request of the Holy Name society a month's mind high mass of requiem for Eugene Sullivan was sung in St. Patrick's church Tuesday at 8 o'clock by Rev. J. H. Broderick.

The decrease in railroad traffic during the spring appears to be offset by the early vacation travel, which is setting in strong and will increase with the closing of the schools.

Local members of the Robinson family have received invitations to the 24th annual Robinson reunion, to be held at the family homestead in Franklin Thursday, June 26.

Temple chapter, O. E. S. of Manchester, will have as guests this (Wednesday) evening members of Columbian chapter of South Glastonbury and Baker chapter of Stafford Springs.

Big catches of fresh fish at Osgood's Wharf, today, few hours from water—adv.

At Groton Sunday evening the first joint memorial service of the Odd Fellows and Rebekahs in the borough was held in the lodge room. Fairview lodge has 50 dead and Home lodge has 11.

Connecticut farmers are being warned to watch out for 17-year locusts, which have appeared across the New York border, and are damaging pear, apple and peach trees and grape vines.

The Rockville Fife and Drum corps will go to Savin Rock Saturday, June 28, to take part in the Victory field day held by Lancaft Fife and Drum corps, New Haven. The trip will be made by auto truck.

A clock has been presented Bolton Hall association by P. J. Mathien and family. Mr. Mathien made the clock both the case and assembling the works. The case is cherry, about three feet in length.

A loilman, name, Frederick Luce, has taken the contract for carrying the mail between Rockville and Ellington. He also carries mail from Vernon to Rockville, having had this contract for some time.

Mackerel and porgies cheap at Church Bros. today. Stock very fancy—adv.

At Lantern Hill, Horace Williams, Robert Tift, Fred Gerlach and John Marchand, proprietors of Camp Cuckoo, entertained a party of young men and women at a supper and social this evening.

The season of cantaloupes has just begun. The first carload shipment coming to Connecticut arrived late last week. Prices are still high, but the prospects for lower prices later in the season are encouraging.

Baked bean and salad supper at the Buckingham Memorial Trust, June 19. Supper served at 6 o'clock. Supper 35c. Ice cream and cake for sale—adv.

Dogs got into the flock of 35 sheep owned by Mrs. S. S. of Tolland and killed 15 or 16 and frightened the remainder. The first selectman, Cornell Green, has been notified and will attend to a settlement for the town.

This season Branford house, Eastern Point, will be occupied by Henry B. Plant and family. Mrs. Morton F. Plant has closed her residence, No. 1021 Fifth avenue, New York, and has taken a cottage at Bar Harbor for the season.

A New York Sunday paper devoted a page to Miss Helen M. Woods, employment manager for a string of eight of the biggest hotels in the world, including the two Plant hotels, the Griswold at Eastern Point and the Belair, Florida.

The steamer Itasca will leave the Coast Guard academy, New London, with 150 men today (Wednesday) for a cruise along the Atlantic coast and the coast of South America. The boat will not return before the middle of September.

Four New London Boy Scouts have left to attend a Memorial observance at Columbus, O. The Scouts are George McDougall, James Lord, Shirley Wilson and Edgar Bittner, members of Troop No. 2. They will be gone about a month.

Bankers heretofore have been invited to be present when a joint meeting of the New England Bankers' association will be held at Swampscott, Mass., Friday and Saturday of this week, at which time the various state associations will hold their meetings.

The board of assistants of the Connecticut Society of Mayflower Descendants met Monday at Center church at Torrington. Charles E. Perkins, Thompson, the governor, presiding. Five new members were admitted, including Mrs. Walter Henry Skinner of Rockville.

A framed testimonial has been presented Deacon Frank H. Butler of Hartford for his 25 years' service as deacon of the South Baptist church, Hartford. The presentation was made after the Sunday morning service by Frank E. Tolhurst, clerk of the church, a Gales Ferry summer resident.

The value of the school clinic and hospital at the Jennings school, New London, has already been demonstrated. Twelve operations for removal of tonsils have been performed at the clinic since its opening a few days ago and six more cases are booked for this week, when the clinic closes for the summer.

Arrives Home Though Reported Dead. Tony Stubelick arrived at his home in New London Saturday night, much to the surprise and joy of his mother, who had previously received word that her son was killed in action some time ago in France.

Stubelick was a member of the 320th regiment, 15th division. He was badly wounded, but has pretty nearly recovered.

From Torrington Robert A. Bligh has been transferred to the local Western Union office as manager. He was at Torrington two years before going into the service for a year and a half. For a period of eight months he was assigned to the University of Vermont as instructor in telephony.

Thomas Kinney, former manager, has been transferred to Westbrook, Conn.

PERSONALS

George Clune of Norwich has been on a business trip to New York.

E. A. Tracy of South Coventry has returned after spending several weeks at Atlantic City.

Mr. and Mrs. Louis Mabrey were in town from Ocean Beach Monday, calling on friends.

Miss Alpha Gaudette of St. Vincent's Hospital Training school visited at her home in Voluntown over the week-end.

Miss Katherine Farrell and Frances Penton are visiting in Hartford and while there will attend the graduation exercises at Mount St. Joseph.

Mr. and Mrs. Arthur B. Simpson have returned home after an automobile trip to Berlin, Conn., and other places in the western part of the state.

Martin Morley, who lately reached Boston from France, has been discharged at Camp Devens and is the guest of his brother, P. J. Morley, in Norwich. He will make his home in New London.

SUGAR SHORTAGE IS REPORTED IN NORWICH

The people of Norwich are facing a repetition of the sugar shortage of the winter of 1917-1918 according to local grocers who are only selling a pound or two of sugar to a customer.

The sugar market ran short a few weeks ago but the wholesalers here have had orders in for some time and hoped that it would change for the better before they ran entirely out.

One wholesaler was entirely out last week and the others are very low in their stock. Merchants are trying to spin their alib by selling small quantities to their customers in hopes that they may tide themselves over the shortage.

The reason for the shortage is accredited to the fact that much of the sugar from the American refineries has been shipped abroad and that the home supply has run short.

TROLLEYMEN WILL DECLINE SHORE LINE CO. OFFER

The trolley men whose wage agreement with the Shore Line Electric railway expired on the first of June have not yet reached an adjustment with the company of their new wage demands, which are \$1.45 an hour instead of the 42 cents an hour scale under the former agreement.

The company officials, it is understood, have returned the answer that they cannot grant any increase and now the trolley men have voted they are not willing to go on at the old rates of last year. This answer is on the point of being handed to the company officials and what the next developments will be it is impossible to predict.

FUNERALS

James P. Hall.

The Auburn, N. Y., Daily Citizen of June 13 contained the following:

The remains of James P. Hall, who died in Greenwich, Conn., on Tuesday, were interred in the family lot in Fort Hill cemetery today with simple ceremonies.

Mr. Hall was born in Auburn Sept. 2, 1849, and was the son of Benjamin Franklin Hall (chief justice of Colorado during the civil war) and Abigail Hagan. He was married to Mrs. Mary Hall, who was descended from the Halls who settled in Fairfield county, Conn., in 1829, and in the maternal line from the Haganams of New Amsterdam (now New York) town, where he was a member in the first class that graduated from the old Auburn academy.

While living in Auburn he was on the editorial staff of the Morning News and later was associated with the Advertiser. About the year 1872 he went to the editorial staff of The Norwich (Conn.) Morning Bulletin, where he was followed successively by his brothers, Henry and Edward, and where he remained about 11 years.

From Norwich he went to the staff of the New York Tribune, where he served about 30 years, his writings being mainly of a scientific character.

In this capacity he met and was known to Lord Kelvin and many others in the leading scientific circles of the world.

For a number of years he made successful three-day weather predictions on the Tribune. In connection with his scientific work he attended the Paris exposition.

He was a member of the American Association for the Advancement of Science, the Astronomical and Astrophysical Society, the American Geographical society and the astronomical section of the Brooklyn Institute of Arts and Sciences, of which latter he was the chairman for several years. He was also a member of the Sons of the American Revolution, the American Scenic and Historic Preservation society and other patriotic, historical and learned organizations.

Those who knew Mr. Hall personally knew that in addition to his fine intellect he had a warm and sympathetic character; and he bore the infirmities of the body with a heroism which was a beautiful example of Christian fortitude.

His funeral was held in Christ church (Episcopal) in Greenwich yesterday afternoon, the pastor, Rev. M. George Thompson, officiating; and his brothers, Henry and Edward, of New York, and sisters, Mrs. Charles D. Hall of Geneva and Mrs. Charles J. Ferrin of New York, were present at the interment.

In addition to those above named, Mr. Hall is survived by four sisters, Mrs. John C. Hazen, Mrs. Charles E. Taft and Mrs. Edward H. Burdick of New York and Mrs. George H. Ferris of Detroit, Mich.

Mr. Hall was educated in the Auburn schools and entered Hamilton college, but left before graduation and taught for a while before entering newspaper work. One of the things he prized the most was a picture of The Norwich Bulletin editorial office, which he was a member of and which hung on the wall of his sick room. He always had the most affectionate remembrance for his Norwich friends and often spoke of his happy years there.

Mrs. August Johnson.

The funeral of Mrs. August Johnson was held on Tuesday afternoon from the funeral parlors of Undertaker Gager at 70 Franklin street with many in attendance. There were many beautiful floral forms. The services were conducted by Rev. George H. Strouse, pastor of the First Baptist church. Friends acted as bearers. Burial took place in the Comstock cemetery at Montville where Mr. Strouse read a committal service.

Brought From Bristol.

Policeman Charles Smith went to Bristol Tuesday morning and returned in the afternoon with Peter Carberry who will be presented in the police court on the charge of non-support.

Election Expense.

Earl Mathewson, democratic candidate for councilman in the recent city election, has filed his expense account with the town clerk, showing that he contributed \$10 to the democratic town treasurer.

Water Pipes in West Thames Street.

The street department and water department have progressed as far as Nelson place in the laying of the new water main through West Thames street, preparatory to the laying of the new cement road.

MAYOR SEES WHAT CITY'S G. & E. PLANT IS

Mayor J. J. Desmond now knows, as he never did before, probably, just what the city's gas and electric plant consists of.

A week ago, when he was given the place of honor in pushing the plug when the first 4,000 kilowatt electric turbine first took on the city load, Mayor Desmond was taken in charge by H. E. Mole, the consulting engineer of the plant, and shown all over the property. Together they slid down the gravel bank to the brink of the river to look at the new pump house, the new pump house and the new boiler house.
